ALL PARTS OF THE WORL SHIPPING NEWS FROM

Preparations for the sailing of the Leviathan to-morrow morning from Moboken for Newport News, where she is to be reconditioned at a cost of \$8,200,000, were practically completed yesterday. Her engines had a final looking over, the boilers were tested and the loading of coal, provisions and water was finished. The crew of fourteen of ficers and 650 men have been recruited and are living on board.

Unless a fog or other highly unfavorable condition of the weather develops the big saip will nose her way out about 5 A. M., when the tide will be at flood. Although the engines are in shape for a long trip at maximum speed they will not be pushed, and the vessel will make her way down the coast at about a fireen knot rate. She will proceed up the James River Monday, according to the

Moran, executive officer. Despite the stip's huge bulk she is easier to handle than some of her smaller sisters, ship captains say. Three pilots will be employed—W. S. McLaughlin of the Sandy Hook Pilots Association, who guided her during the war; Capt, Stowe, who will act as coast pilot, and James G. Peake of the Virginia Pilots Association, who will be in charge from Cape Henry to Newport News.

A general meeting of all marine labor

A general meeting of all marine labor organizations to consider the ship subsided bill will be called within a day or two by Samuel Gompers in accordance with a request made by Commissioner T. V. O'Connor of the Shipping Board, it became known yesterday.

Mr. Gompers has declared his opposition to the proposed legislation, whereas the representatives of deck and engine room officers' organizations have been simout unanimous in favor of the bill. The reluctance of Mr. Gompers to call the conference led to a threat by Williams S. Brown, national president of the Marine Engineers Ben-ficial Association, to approve the bill independently, it is understood. The engineers, with longshoremen and shippards workers, are to hold a meeting next Thursday, at which a committee will be formed to appear in Washington at the Congressional hearings and voice the sentiments of these sections of marine labor.
